David Fickling Books

1. Print out the A3 tower block template.
2. Fold the paper on the dotted lines like this:
3. Decide who lives in each flat. Draw them in the windows!
4. Open up the paper, design the interiors!  
Think about how different furniture and decorations might reflect different personalities.
5. Tower blocks can inspire lots of stories!

What if: a toilet leaks?

someone plays music very loudly?

someone bakes cookies for everyone?

someone pays a visit to ask advice?

someone needs to borrow something?

someone wants to show off a new toy?

6. Create your own stories about your new community!
